11.15. If No, how many different agents/ outlets have you used?/ Kama la, umetumia ajenti wangapi?

We are now going to ask about the M-PESA agents you use or you could use. We would first like to ask you about the agent who is closest to where you regularly spend your time. This could mean the agent is near your home, near where you work, near a market you use or may be between two places. There could even be a number of such agents. In that case simply chose one.

Second we will ask you about the agent you use most often for M-PESA transactions. This could be the most convenient agent you have identified if so don't respond again. If you have used a different agent every time you have used M-PESA, then in place of the agent used most tell us about the agent you used the last time.
